

Tower Garden®:

The Perfect School Garden!

When students are given an opportunity to grow with Tower Garden in the classroom...

- their *confidence grows*. As their plants grow, they start to see a glimmer of what's possible!
- their *palates expand*. The more they grow, the more they eat!
- they begin to *understand where food comes from*. It turns out fresh produce doesn't come just from the grocery store!

Students learn and have fun at the same time! Tower Garden *engages* students and *fosters* independence.

Give students a *growing desire* to be at school!

It's a great tool for *STEM* learning!

Tower Garden allows you to *bring the school garden into your classroom!*

Weather not great outside? No worries! Learning with Tower Garden can take place year-round.

Why do students love it?

- It's hands on.
- They can plant their own seeds.
- They watch their plants grow daily/weekly.
- There's something new to look forward to each school day.
- Kids acquire a sense of pride in their plants.
- Harvest time is fun!
- New skills are learned, while taking on a leadership role.
- Trying new foods is exciting!

Why do teachers love it?

- It's easy!
- No prior gardening experience required.
- Lights and water cycle on/off automatically.
- No soil, no mess.
- It works! Plants grow abundantly!
- Student engagement increases.
- They can garden on-site in the classroom.
- They watch their students succeed at a new skill.

Why do school administrators love it?

- Teachers have access to 30+ CCSS- and NGSS-aligned learning materials for grades pre-K–7th grade, featuring lessons in literacy, math, and science. (towergarden.com/grow/lesson-plans)
- Tower Garden provides students the opportunity to grow their own food in a whole new way, using aeroponic technology.
- The LED Indoor Grow Lights allow teachers to garden indoors year-round.
- There is an opportunity for community involvement with harvesting events.
- Students can enjoy nutrient-dense foods in the classroom, positively impacting their health. When kids actively participate in growing their own food, they typically want to eat what they grow!
- Teachers are given plenty of growing support and resources to help educate and build confidence. Plus, Customer Care is just a click or call away! (8 am–5 pm CT, Mon–Fri, 866-235-0414)
